

## Key Word List

### Writing Goals and Objectives Workshop -- October 6, 2015

**Instructional goals:** broad, generalized statements that help focus instruction and set expectations for students (long-term, abstract, difficult to measure)

**Instructional objectives:** a description of performance you want students to be able to exhibit before you consider them competent; help to achieve consistent results, ensure measurable results, and guide student effort (short-term, concrete, easy to measure)

**Conditions:** factors that influence the performance such as requirements or limitations

**Performance:** describe what the learner is expected to do

**Criterion/Degree:** how well the learner must be able to perform the task
