Problem-based Learning – Reflective Activity

Consider the concepts we discussed during the workshop today and write down a brief summary of your thoughts in response to the questions listed below:

1) **What did you learn about Problem-based Learning that you think may be applicable to courses that you are teaching?**

2) **List 2 or 3 topics that may be appropriate for a problem-based learning activity in a course you are teaching:**

3) **Select one of the topics listed in #2 above and briefly describe how you could use the problem-based learning instructional strategy to teach the topic to students in a course you are teaching.**
