Testing Techniques – Reflective Activity

Consider the concepts we discussed during the workshop today and write down a brief summary of your thoughts in response to the questions listed below:

1) **What did you learn about Testing Techniques that you think may be applicable to courses that you are teaching?**

2) **List 2 or 3 types of test questions that you currently use in a course you are teaching:**

3) **Select one of the types of test questions listed in #2 above and briefly describe how you could use the tips discussed in the workshop to improve the tests you are currently using.**
